

Blunt Tipped Safety Scissors

Fine Precision ★★★

EXCELTA[®]
SINCE 1957

Fantastico! A new line of Italian made Safety Scissors from Excelta. These extremely precise Stainless-Steel scissors are ideal for delicate applications. The blunt tips and balanced handles are designed to be compatible with the latest safety standards. They are acid proof and autoclavable. The sleek, twisted frame gives them a professional and unique look. The sharp, strong blades ensure long life and fatigue free cutting. In stock with blade lengths from 1.13" to 1.9". Both curved and flat blades available.
